Montreal Diocesan Theological College:

- A lively Anglican community embodying the comprehensiveness and freedom that characterizes our tradition at its best.
- Affiliated with McGill, one of Canada's leading universities.
- Our In-Ministry year and field education program described as excellent by ATS, the Association of Theological Schools.
- Our program is ecumenical with courses offered in cooperation with the Presbyterian and United Theological Colleges.
- Global Christianity is promoted through summer placements at St. George's College in Jerusalem and final year trip to Cuba.
- Home to the Centre of Lay Education offering programs on site and throughout the diocese to encourage adult education.

A Prayer for the College Community:

O God, you have called the students and faculty of Montreal Diocesan Theological College to a common life of study, prayer and ministry: May your Spirit, working through their study, bring them to a mature faith, and likewise move them, in their prayer, to an ardent love; so that, made confident to act in your Name, they may enable your Church to accomplish the mission you have entrusted to it; for the sake of Jesus Christ and his kingdom. Amen.
